

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. INITIAL CORPORATION FEES, COMMISSIONS, ETC.

The receipts from annual fees and other miscellaneous sources during the year amounted to the sum of \$210,079.54, a decrease of \$95,480.24, as compared with 1903.

The quarterly receipts were as follows:

First quarter	\$63,665 96
Second quarter	54,469 99
Third quarter	54,739 84
Fourth quarter	37,203 75

Derived from the following sources:

	Domestic Corporations.	Foreign Corporations.	Official Commissions.	Certified Tran- scripts, etc.	Howe's Historical Collections.	Geological Survey of Ohio.	Total.

It will be observed that the general receipts above shown are made up mostly of initial fees of domestic and foreign corporations. These initial fees were required to be paid under several acts of the General Assembly, passed from time to time, from 1889 to 1894. The growth of corporation business since the enactment of these laws is shown by the following:

COMPARATIVE ANNUAL RECEIPTS.

DEPARTMENT OF CORPORATION REPORTS.

Under the act of April 11, 1902, known as the Willis law, all corporations doing business in Ohio are required to file annual reports with the Secretary of State and pay annual fees therefor at the time and in the amount as follows:

Domestic Corporations: During the month of May, one-tenth of one per cent. upon the subscribed or issued and outstanding capital stock, and not less than ten dollars in any case.

Foreign Corporations: During the month of September, one-tenth of one per cent. upon the proportion of authorized capital stock represented by property owned and used and business transacted in Ohio, and not less than ten dollars in any case.

Domestic Corporations, not for profit: During the month of December, one dollar each, except corporations organized under section 148, paragraph 4, ten dollars.

*From 1803 to 1850, the Secretary of State was elected by the General Assembly.

†The Democratic party of today claims lineal descent from the first Republican party with President Jefferson as its founder. Authorities differ as to the date when the party dropped the name Republican and assumed that of Democrat, it being ascribed to various dates between 1805 and 1820.

††Political parties were disorganized at the time of the election of John Q. Adams. He claimed to be a Republican as Jefferson, but his doctrines were decidedly federalistic. The opposition to his administration took the name of Democrat and elected Jackson President in 1828.
